✎Review:

➢ First, students have to register themselves into our web application only through their DAIICT email Id's.

➢ Batch will be selected automatically when a student entered their DAIICT email Id.

➢ A verification email will be sent to the registered student email id and right now student will be in inactive state. So, student cannot login without activating his/her email Id.

➢ After activation students can login and visit different modules of the web application.

➢ If any student forgets a password, they will get their password from email by selecting the forgot password option.

➢ Students can view his/her profile by selecting my profile option from the dropdown given in menu.

➢ Students can edit their profile by clicking on the edit profile option.

- Students can view all the sells posted by other students of DAIICT and also view sessions which are hosted by special committee member.
- Students can add valid/mentioned items for selling and this item will be displayed to all other students.
- Students can delete his/her selling post after it is sold or want to delete for any reason.
- Student can request a session to special committee.
- Special committee can view all the requests from students and based on requirements they will accept or reject the request.
- Student and Special committee can change their current password using some validations.
- Admin have the direct id and password to login.
- Admin can view his/her profile and also edit his/her profile.
- Admin has all the rights to see all the important details about sell, sessions, item type, batch, venue and student.
- Admin can add and delete venue, item type and batch.
- Admin can grant access to a student to be a special committee member.
- Whenever any of the users (admin, student) tries to opt delete and logout option then a confirmation box will be popped up to make a choice for yes or no.
